School Name	Granite Ridge Education Centre	
Sector	Health and Wellness	
Existing SHSMs at the School	Forestry	

SHSM Program Description:

Health and Wellness is an SHSM program where students can choose their focus by the type of major credits they select. Students selecting more science and physical education courses would focus on health care or fitness while students selecting more social science courses would focus more on family services and child care. We are fortunate to have many community partners who provide opportunities for students to learn in various settings and practice the skills we have learned in class, and developed through the certifications such as leadership, communication and teamwork. Being a K-12 site also provides opportunities to practice skills in our own building. We have a very high success rate and a number of our graduates have earned recognition and experienced great success as they pursue their desired post-secondary program and employment.

SHSM Team

	Name	Responsibilities (specific tasks)
Student Success teacher	Haley Rose	
School administrator(s)		
Guidance teacher(s)	Elizabeth Steele-Drew	Timetabling/scheduling Tracking/monitoring School budget CLAs/Reach ahead activities
